Financial Assistance Application Instructions

Thank you for your interest in North Memorial Health's financial assistance program. This program provides financial assistance to qualified uninsured and underinsured customers for emergency and medically necessary services provided by a North Memorial Health (NMH) hospital and clinic facilities within the NMH system, including both facility and professional services offered by North Memorial Health Hospital, Maple Grove Hospital, NMH emergency transportation, and NMH hospice services. To be eligible for financial assistance you must submit a fully completed financial assistance application along with requested documentation, and:

- have a *Family Income at or below 275% of the **Federal Poverty Level;
- cooperate with NMH if your application is determined to be incomplete and additional information is needed;
- apply for health insurance (Medical Assistance, MinnesotaCare) if it is determined you may be eligible.

Pursuant to the Hospital's agreement with the Minnesota Attorney General, if you are uninsured with an annual Family Income less than $125,000 and are not eligible for NMH financial assistance, please contact NMH to determine if a NMH uninsured discount can be provided to you based upon the services provided.

Family income will be determined by the most recent IRS tax filing year's tax returns of the Primary Applicant and Family Member(s) within the household. If Family income has changed, or if tax returns cannot be provided, annual income will be calculated by annualizing the prior six months of income from the Primary Applicant and Family Member(s) within the household.

You can obtain a copy of North Memorial Health's Financial Assistance Policy which describes NMH financial assistance programs, program eligibility, and covered services provided to eligible customers, by visiting the Financial Assistance Policy page of NMH's website at https://northmemorial.com/financial-assistance, or by calling (763) 581-4980, or (866) 358-2644.
