With over **5,100 babies born** at our hospital in the past year alone, and **over 60,000** since we opened in 2009, our Family Birth Center has a **strong community of families with babies and young children**. To support their wellbeing, we are joining this global event to “**raise awareness of the health and wellbeing outcomes of breastfeeding and the importance of supporting mothers to breastfeed for as long as they wish.**”
