\$1.1M

raised to support our Maternal-Fetal Medicine Clinic

5

state-of-the-art ultrasound machines purchased

2x

increase in families receiving specialized care

Advancing care for mothers and babies:

Thanks to event partners like you, our expanded Maternal-Fetal Medicine (MFM) Clinic now features advanced ultrasound systems, among the first of their kind in the Twin Cities. This technology provides exceptional clarity that helps care teams detect concerns earlier and deliver more specialized care for mothers and babies facing high-risk pregnancies. Your support helps ensure that more families have access to advanced, compassionate care close to home.

Thank you for investing in exceptional care for our community!

We'd love to partner with you through our signature 2026 events:

[Golf Tournament | JUNE 15](#)

[Making Compassion Count Gala | SEPTEMBER 26](#)
